

APARTMENT C8
LE MAJOR
ROUTE DE LA COMBE A ZORE
MORZINE

Directions to Morzine.

Address: Flat C8, Le Major, Route de Zorre, Morzine 78110, France.

Find your way to Geneva, and take the autoroute to Chamonix, Cluses, Mont Blanc Tunnel etc. If you are coming from France this is very easy to find, just follow the signs and avoid going to Annecy at the critical moment.

If you are coming from Geneva airport, follow the signs for France and these will take you onto the autoroute. Don't miss the sharp turn to the right onto the autoroute while you are still in Geneva.

Pay E1.60 toll and come off at the next turn off, signposted Thonon Les Bains and the Vallee Verte.

Follow the signs for Taninges and Samoens.

Continue on this road for about half an hour until you come into Taninges. Follow the road straight on out of the village, turning sharp left as you leave, ignoring the road to Samoens which goes straight ahead. You stay on the major road. Signpost Morzine.

This road takes you up into the mountains (chains may be necessary if it is snowy) and eventually through Les Gets. Continue to follow signs to Morzine.

About 5 minutes after leaving Les Gets you will come round the corner and see the beginnings of Morzine below you in the trees. You come to a traffic island with a big old white hotel on your left. Continue straight on here (1st exit).

Drive down the hill, past the Hotel Reynardiere on the right. Le Major is a big apartment block on your right after this – about two buildings down. It is a big 60s block with blue balconies. Park your car bonnet into the block on the roadside, or facing outwards, but get as close in as you can to avoid being swiped by cars coming up the hill!

Apartment C8 is on the 4th floor to your left at the top of the first flight of stairs you come to. It has a sign on the door saying Groves.
